

**1. What do you like the most in Poland?**

I like the people the most in Poland. I am extremely grateful and lucky to have amazing host families during my 6 weeks stay. They treated me like part of their families. Not only did they take care of all my needs, but they also brought me to beautiful places in Poland. I love the cities like Krakow and Wroclaw because of the architecture and cultural richness. I also thoroughly enjoyed natural sceneries in Poland, like the Ojcow National Park and Wisła Mountains.

**2. What do you think about polish language? Is it difficult? Do you know any words in polish language?**

I think polish is very difficult to pronounce because of the many 'zh', 'ch', 'sz' sounds. I only know the very basics like Good morning, thank you, good night, bon appetit.

**3. Have you tried any polish dishes? Which is the tastiest to you?**

I tried pierogi, bigos, gołąbki, barszcz. I can't pick one! Every dish is delicious to me.

**4. What don't you like about Poland?**

If I have to say, it would be the transportation system. Compared to Hongkong, which is such a small and compact city, it is very inconvenient to travel in Poland as a foreigner. For instance, I cannot check the bus or train schedules online. And the directions are really unclear. Another thing is that the older generation cannot speak in English, so it is very hard to communicate.

**5. Is there a big difference between Poland and your country?**

Yes, definitely. From food, lifestyle, accomodations, transportation, people, language, the list goes on and on.

**6. What suprised you in Poland? What were your expectations of Poland before you arrived?**

I think what surprised me the most was how the young people in Poland are so heavily influenced by social media. I see students putting on extremely heavy makeup and wearing clothes like instagrammers. Another thing that surprised me are the hospitality of Polish people. Everyone is really nice and willing to help.

**7. What is your most memorable moment in Poland?**

I had the hardest time saying goodbye to my host families. They are all really sweet and I was very depressed when I had to leave them.
